No. 17/02

CORRECTION

In notification No. 16/02 announced earlier today regarding the 3rd quarter of 2002 it was stated under "expectations":

"As earlier announced the company expects an operating profit for the current year in the range of DKK 1-4m."

Furthermore, the company mentions that:

"Including the financial income deriving from a discharge in connection with the coming issue of shares, the result before tax is expected to be in the range of DKK 8-12m."

We should like to clarify that the company expects an unchanged operating profit of DKK 1-4m, and the discharge in connection with the issue of shares will amount to DKK 7.7m.

Consequently, the result for the year as a whole before and after tax is expected to be in the range of DKK 9-12m.
